TECHNICAL SKILLS

Full stack JAVA

- HTML5
- CSS3
- Bootstrap
- JavaScript

Database

RELEVANT SKILLS

Microsoft Office

PERSONAL STRENGTHS

Hardworking

Disciplined and Responsible

Adaptable to changes

Quick learner

HOBBIES

Sketching Portraits

Rubik's cube solving

CAREER OBJECTIVE

To achieve high career growth through continuous learning process.

EDUCATION

Qualification	Institution	University/Board	Year of Passing	Percentage/CGPA
CURRENT STUDY IN B.E (E&TC)	SVPM's COE, Baramati	SPPU	2026	8.5 (TE)
H.S.C	PVP Highschool, Palasdeo	Maharashtra State Board	2022	74.40%
S.S.C	PVP Highschool, Palasdeo	Maharashtra State Board	2020	86.80 %

PROJECT WORK

AUTOMATIC WASTE SEGRAGATION SYSTEM

- This project focuses on developing a system that automatically separates waste into categories like biodegradable, non-biodegradable, and metallic. It uses sensors such as **IR sensors, moisture sensors, and metal detectors** to identify the type of waste. The detected waste is then segregated using a **microcontroller-based mechanism** (e.g., Arduino) that controls motorized compartments or bins.

CO-CURRICULAR ACTIVITIES

- Skill War Winner.
- Class Coordinator for BE.

PERSONAL DETAILS

Date of Birth: - 1th March 2004.

Language Known: - English, Hindi, Marathi.

Indapur, Pune - 413106.
